

FOR A DIVING EXPERIENCE THAT'S OUT OF THIS WORLD

Powerful • Simple • Reliable

No matter where your diving expedition takes you, the Shearwater Petrel 2 is the ultimate technical diving computer trusted by dive experts everywhere.

Get the accurate information you need with a glance at the colour high-res display, navigate waters easily with the 3-axis, tilt-compensated digital compass, and scroll through menus easily in any situation with the two-button controls. Track your dives with a 1,000 hour dive log, and download dive logs to your PC, Mac, Android, and now iOS devices with the new Bluetooth Smart Ready System.

Whether you're using a rebreather, twin set, or side mount, with the Petrel 2 on your arm you'll have all the technology you need to get the most of out of your dives.

For a diving experience that's out of this world, trust Shearwater.
